## Project Details and Summary

- 1) To offer appropriate and affordable housing options to clients utilizing our emergency shelter services through our partnerships.
- 2) To offer support to clients suffering the symptoms of intergenerational trauma, including addictions, with cultural awareness and sensitivity throughout the continuum.
- 3) To assist clients in preventing evictions by providing advocacy, in-house support, and community referrals to other partners.
- 4) To provide services by taking a holistic approach while assisting our clients in building support, (re)gaining self-confidence, engaging in treatment options and healing practices, and working towards community stability.
